What is PACT?

What is PACT?

- NYCHA needs \$78.3 billion to fully renovate and modernize its housing, but the federal government has provided only a fraction of the funding needed.
- Through PACT, developments are included in the Rental Assistance Demonstration (RAD) and convert to a more stable, federally funded program called Project-Based Section 8.
- PACT unlocks funding to complete comprehensive repairs, while keeping homes permanently affordable and ensuring residents have the same basic rights as they possess in the public housing program.

How PACT Works

PACT depends on partnerships with private and non-profit development partners, who are selected based on resident input.

COMPREHENSIVE REPAIRS

Development partners bring design and construction expertise. They address all the physical needs at the development.

PROFESSIONAL MANAGEMENT

Property management partners are responsible for the day-to-day operation and upkeep of the buildings and grounds.

ENHANCED SERVICES

Partnerships with social service providers help improve on-site services and programming through input from residents.

PUBLIC CONTROL: NYCHA & RESIDENTS

Your development will remain under public control. After conversion, NYCHA will continue to own the land and buildings, administer the Section 8 subsidy and waitlist, and monitor conditions at the development. Where needed, NYCHA can step in to resolve any issues that may arise between residents and the new property management team.

Frequently Asked Questions

➤ **Do residents have to qualify/recertify for Section 8?**

Under the PACT program all current residents on a lease automatically qualify for Project Based Section 8.

➤ **During the renovation, where will the tenants go?**

It is anticipated that during most of the renovation tenants will remain in their apartments. Hospitality suites will be provided as a respite during working hours. ➤ **When will Wavecrest take over as manager?**

The MNP/W PACT team, including Wavecrest, will begin to operate the building at property conversion which is currently anticipated for summer 2024. NYCHA property management will continue to service the property until that time.

➤ **Following renovation, how will the property be secured?**

The renovation will include new front doors with access control and new security cameras and lighting inside and outside the building. The property will have an on-site manager and super.
